EXPERIENCE

General IT Support

For pocket money during my school years, I frequently assisted friends and family with IT issues. I assisted my father in setting up a cryptocurrency wallet and providing technical assistance when he required it.

SKILLS

- General understanding of IT and willing to learn
- I am a good problem solver
- I am willing to assist anyone who needs help
- Able to multitask effectively
- Team player
- Takes direction well
- Fantastic tea and coffee maker!

ACTIVITIES

- Family and friends have always come to me for help with technology issues and setting things up when they are unsure.
- I am also learning to play the piano and playing pool on a regular basis.
- I administrate a small Minecraft server and help setup the plugins and configurations that allow the server to run smoothly
